

Section 1. Plan and Seats.

The Pro plan includes 50 included seats per organization. Additional users beyond the included seats are billed as overage. The included seat count does not roll over between billing periods and resets at the start of each monthly cycle.

Section 2. Overage Pricing.

Overage seats beyond the 50 included seats are billed at 12 US dollars per seat per month. Overage is metered daily and charged in arrears on the next invoice. There is no cap on the number of overage seats an organization may add.

Section 3. Annual Commitment Discount.

Organizations that commit to an annual contract receive a 20 percent discount applied to both the base subscription and any overage seats. The annual discount is forfeited if the contract is downgraded to monthly billing before the commitment term ends.

Section 4. Termination.

Either party may terminate this agreement for convenience by providing 30 days prior written notice. Fees already paid are non-refundable, and any outstanding overage charges become due immediately upon the effective date of termination.

Section 5. Service Levels.

The Pro plan carries a monthly uptime commitment of 99.9 percent. If uptime falls below the commitment in a calendar month, the organization is eligible for a service credit equal to 10 percent of that month's base subscription fee, requested within 30 days.
